Proposal #8376
Created: 01/17/2022
From: Adam Palmer

Any alterations or changes to the scope of work by customer shall be negotiated with and agreed to by Abundant tree care prior to any work being performed.

Approximately \$313 per 5-6 foot tall Arborvitae purchased and planted. Approximately \$760 per 10 foot tall Arborvitae purchased and planted.

Hourly rates and cost of materials are subject to change.

Upon acceptance of proposal, a 30% non-refundable payment will be required for purchase of plant material.

All work will be completed in accordance with these plans unless subsequent changes are agreed upon in writing. Balances not paid by the due date are subject to late fees.

#	Item	Description	Qty	Cost
1	Spruce (Norway)	30 Norway Spruce (along Old Heady Road right of subdivision entrance) Apply Subsurface Fertilization with insecticide and micro nutrients to 17,400 square feet of soil around 30 Norway Spruce. Note: I think these Spruce are healthy and do not recommend removing them. Removing and replacing them would be very expensive and it would take decades for a planting of Arborvitae to grow into a compatible screen.	30	\$2,845.00
1	Spruce (Norway)	30 Norway Spruce (along Old Heady Road right of entrance to subdivision) Remove vines/volunteers/clean up previous pruning cuts/ remove any significant dead branches Haul away all debris	30	\$1,800.00
Subtotal:				\$3,845.00
Tax:				\$230.70
Total:				\$4,075.70

We propose to furnish material, labor, and equipment to complete work in accordance with above specifications.
The above price(s) and specification(s) are satisfactory and hereby accepted. You are authorized to do the work as specified.
Any amendments or modifications of this agreement shall be in writing and executed by the contracting parties.

This agreement and any noted attachments constitutes the entire agreement between the Bob Ray Co. Inc. and the below signed concerning the subject matter hereof. This agreement supersedes all prior agreements, discussions, representations, warranties and covenants between the Parties with respect to the above specified work. There are no warranties, representations, covenants or agreements, expressed or implied, between the parties except those expressly set forth in this agreement.

According to Bob Ray's Arborist, David Hartlage, these branches were not pruned properly and will ultimately injure the tree if not corrected.

Bob Ray Company Arborist's assessment of the remaining Spruce Trees along Bryant Park Drive

- Note: "I think these Spruce are healthy and do not recommend removing them. Removing and replacing them would be very expensive and it would take decades for a planting of Arborvitae to grow into a compatible screen."

Recommendation

1. Contract Bowling Nursery to install, fertilize and mulch 14 9-10' Green Giant Arborvitae. In addition, have Bowling grade bare areas and then seed, fertilize and put down straw mat.
 - Total Bowling 2022 cost with MSD rebate: \$5,422.10
2. Contract Bob Ray to apply subsurface fertilization with insecticide and micro nutrients to 17,400 sq.ft. of soil around 30 Norway Spruce trees. Remove vines/volunteers/clean up previous pruning cuts/remove any significant dead branches/haul away all debris)
 - Total Bob Ray 2022 cost: \$4,075.70
 - Total 2022 cost if Bowling completes items 1 & 2: \$12,073.70
 - Total 2022 cost with a combination of Bowling and Bob Ray: \$9,497.80
